NGUYEN DOAN || LIMS Project Manager – Agile – Lifelong Learner

nguyen.doan@hotmail.com || 07 49 60 00 23 || Laval, France

COMPETENCES

LIMS
- Modules: WAP, Incident, QC, CoA, Sample Mana
- Business needs analysis
- User Experience Test
- Lab data migration
- Agile project management (Jira)
- SQL, Excel, Groovy

Food Engineering:
- Laboratory work: sample flow, testing instruments
- Industrial quality standards: GMP, HACCP, ISO
- Laboratory analysis (physico-chemical, microbiology)
- Product development
- Data analysis
- Tools: MES, PLM, ERP, CRM, AI, Blockchain, IoT

EXPERIENCES

01-07/2026 | LIMS PROJECT LEADER (CDD)
Lactalis Group, Laval
- System admin
- Configured the LIMS at the Lactalis factory lab based on business needs
- Led the migration of the master data to the LIMS (analysis methods, formulas, control plans) using Groovy, Excel, SQL
- Analyzed business needs and reviewed functional specifications from Labvantage
- Proposed and executed User Acceptance Testing (UAT) for the Go-Live
- Supported lab users to adopt this tool

01-12/2024 | DIGITAL PROJECT MANAGER
Projet Minasmart, Innov'Alliance, Lyon
- As a consultant, supported agri-food companies in digital transformation with 12 external partners
- Analyzed needs and wrote functional specifications
- Proposed roadmaps and coordinated deployment with IT experts
- Managed project progress, reporting, and budget *Click here fore more info*
Result: Successful initiated the implementation of the MES for Bonduelle

01 - 09/2023 | R&D PRODUCT MANAGER (INTERN)
LC Salaisons en Ardèche, Annonay
- Developed 4 innovative mini-sausage products: formulation and pilot trials
- Designed an Excel dashboard to support decision-making
Result: Successfully launched 4 innovative mini-sausage products in Vietnam, China, and Singapore *Projet*

01 - 08/2021 | SUPPLYCHAIN PROJECT OFFICER
Marou Faiseurs de Chocolat
- Managed cacao flows from farms to warehouse
- Trained teams on agile project management tools
- Led an IT project to propose and implement a blockchain-based traceability system
Result: The project was financed €75,000 for the implementation *Prototype*

PROJETS

Mobile application "Food Surfing" for local food tourism
Result: First Prize in Agribusiness competition *Project IoT*

IoT Sensor Solution to monitor vehicle exhaust pipes
Result: Award for Most Creative Idea

Research Project: Developed antioxidant-rich natural dye from wild fruit Rhodomyrtus tomentosa
Result: Presented at International Science Forum 2019

EDUCATION

MSc in Food Science - Food ID
Groupe ESA, VetAgro Sup – France
Unicatt – Italy; USAMV – Romania
- GPA: 16/20
- Erasmus Mundus scholarship from the EU Commission, awarded to 14 students worldwide

MSc in Food Engineer
Vietnam National University
- GPA: 81/100 (Top 5%)
- Teaching assistant in Chemistry Laboratory
- JASSO scholarship (Japan Ministry of Education)
- Merit scholarship from American Chamber of Commerce

Certificate:
- SQL The Complete Bootcamp (Udemy)
- AI & Algorithms in Formulation of Food Recipe (Qualiopi)
- IoT & Electronic Sensors (ITS Institute)

SKILLS

- **French: Fluent**
- **English: Fluent**
- Vietnamese: Native
- Organizational skills
- Empathetic communication
- Driver's license (Category B)

PERSONAL INTERESTS

- Digital solutions
- Electronic devices
- Gastronomy, culture, history through backpack travel
- Drawing and sketching
- Applied Chemistry in daily life
  Written Articless
